Medicaid Expansion

- **The Republican's party-line vote to block Medicaid Expansion has left nearly 400,000 Virginia residents uninsured who would qualify for coverage under the ACA.** Their obstruction:

- **Forfeited $10.4 billion in federal funding** — the ACA pays for 90-100% of the new costs incurred by states that expand Medicaid.

- **Left Virginia's taxpayers to foot the bill** — costs $157 million in VA's state budget each year, plus $1.1 billion spent on ER visits for those who could have been covered. These dollars could be spent on other urgent healthcare needs such as substance abuse and mental health treatment.

- **Defied common sense** — 31 states have expanded Medicaid coverage and utilized these federal funds to drastically reduced the number of uninsured people in their states.
